PROJECTS

Nova Scotia Secondary School Students' Association - PR Manager

September 2024 – Present

- Managing social media accounts across multiple platforms to increase engagement and brand awareness
- Creating and curating content that aligns with our organization's mission and values
- Developing and maintaining relationships with businesses, securing funding and partnership opportunities
- Consulted the NSSSA infrastructure group on cybersecurity issues, providing insights on security best practices and risk mitigation

Bay View High School - Mobile App | *React Native, JavaScript, Expo, Git* July 2024 – September 2024

- Developed a Bay View High School Mobile app to present the school with a handheld presence
- Application developed using React Native framework, JavaScript and deployed using Expo
- The mobile app provides full compatibility with iOS and Android devices
- Application also submitted as a final project for Harvard's CS50x course

Canada Games Centre Volunteer - Camp Counselor July 2024 – August 2024

- Collaborated with counsellors to design engaging activities, including sports, arts and crafts, and team-building exercises for children aged 5 - 12
- Monitored campers' behavior and well-being, ensuring a safe and inclusive environment for all participants
- Volunteered 200+ hours contributing to camp operations and enhancing the overall camper experience
- Encouraged campers to participate, build friendships, and adhere to camp rules, promoting a fun and respectful atmosphere

Ben Eater's 6502 Project | *Python, Assembly* April 2024 – July 2024

- A collection of hardware bread-boarding project surrounding the 6502 CPU, inspired by [Ben Eater](#)

Nova Scotia Education Minister's Student Advisory Council - Cabinet Member January 2024 – Present

- Representing the views and concerns of students & teachers from diverse backgrounds to ensure their voices are heard in policy-making processes
- Proudly represented Bay View High School's district while collaborating with the Education Minister and other council members to provide feedback on existing and proposed educational policies and initiatives
- Provided input on school cell phone usage policies that resulted in a new directive that was implemented in September 2024
- Conducted research and analysis on various educational trends, challenges, and opportunities in collaboration with other participating members

Student Council Executive & Tech Club President September 2023 – Present

- Leading and organizing initiatives such as school events, fundraisers, tech workshops, and hands-on projects to enhance student engagement
- Under my leadership, Tech Club grew from 3-4 to 30+ members with a median 20+ member attendance on a weekly basis
- Mentoring and fostering a learning community by guiding students in tech-related topics, planning interactive sessions, and creating an inclusive space for skill development
- Advocating for student interests by collaborating with administration, gathering feedback, and ensuring student voices are represented in decision-making
- Managing operations and resources, including funding requests, club materials, and coordination among council members and club participants

CoinDeno | *React.js, JavaScript, REST, Git, Firebase, CoinGecko APIs* August 2021 – September 2022

- Created a React website that allows tracking and portfolio management of various Cryptocurrencies
- Utilized React, Firebase, and Redux for application development, with CoinGecko REST APIs for cryptocurrency data integration
- Deployed the application using continuous integration and continuous deployment (CI/CD) practices, ensuring reliability and fast iteration
- Integrated Google Auth for seamless user authentication
- Created the React Native mobile enabled version of the CoinDeno Web, enabled for both iOS and Android and hosted on the Android Play Store
- Leveraged the React Native framework for a consistent cross-platform experience

SKILLS
