Education

University of Waterloo

Honours Software Engineering, Co-op (Incoming)

Waterloo, ON

2026-2031

Projects

IWKids - Mobile App | *React Native, JavaScript, Expo, Git, OpenAI API*

Apr 2025 – May 2025

- Engineered a cross-platform React Native app to automate emergency room patient workflows, integrating OpenAI API for real-time conversational support
- Placed **2nd out of 24 teams** at the Atlantic Canada AI Summit Youth AI Pitch Competition

Bay View High School - Mobile App | *React Native, JavaScript, Expo, Git*

Jul 2024 – Sep 2024

- Developed as final project for **Harvard University's CS50x**, applying rigorous CS fundamentals to a real-world use case for the school
- Built a React Native app to centralize school events and resources, using modular UI components for maintainability across iOS and Android
- Submitted for school administration review for official adoption

Ben Eater's 6502 Project | *Python, Assembly*

Apr 2024 – Jul 2024

- Built a fully functional 8-bit computer from discrete logic chips on breadboards, following Ben Eater's architecture, to study CPU design at the hardware level
- Programmed low-level routines in Assembly to run working programs on the physical hardware, debugging timing, memory addressing, and signal issues directly on the breadboard

CoinDeno | *React.js, React Native, REST, Git, Firebase, CoinGecko APIs*

Aug 2021 – Sep 2022

- Built and shipped a crypto portfolio tracker to the **App Store and Google Play**, reaching **20+ users**
- Implemented secure Google OAuth authentication and integrated CoinGecko REST API for live portfolio tracking
- Extended to React Native for cross-platform mobile support with shared state logic across iOS and Android

Experience

Stanford University's Code in Place - Section Lead

Spring 2025 & Spring 2026

- Led weekly Python instruction for **two cohorts of 15 learners (30 total)** as part of Stanford's global CS education initiative
- Mentored students through debugging and core programming concepts, collaborating with Stanford faculty and international volunteers to deliver accessible instruction

Nova Scotia Secondary School Students' Association - IT Coordinator

Apr 2025 – Jun 2026

- Administered IT infrastructure for **100+ user accounts** across Microsoft 365, Entra, Google Workspace, Moodle, WordPress, and Canva, ensuring reliable access for staff and students province-wide
- Resolved **20+ help desk tickets** and authored technical documentation for IT admin workflows, improving support efficiency and knowledge transfer
- Led the redesign and modernization of NSSSA's website, improving accessibility and information flow - **praised by NSSSA executive leadership**

Tech Club President

Sep 2023 – Jun 2026

- Grew club membership **from 3-4 to 30+ members with 20+ weekly attendees** by expanding programming and outreach
- Delivered **80+ technology workshops** spanning web development, AI, cybersecurity, and Arduino/embedded programming, sustaining consistent engagement across two full academic years
- Organized and ran **5 club events** averaging **40+ attendees each**, managing a **\$5,000+ budget** across planning, logistics, and stakeholder coordination

Skills

Languages: Python, C++, JavaScript, SQL

Frameworks: React, React Native, Node.js, HTML, CSS/SCSS

Tools: Firebase, Cloudflare, Netlify, Git, GitHub, Arduino

Operating Systems: Linux, Windows, MacOS
